

Alabaster Melange Brass Ceiling Light

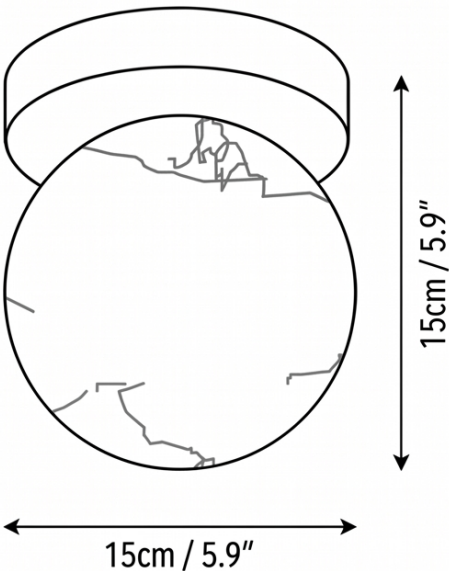

Alabaster Melange Brass Ceiling Light

Description

This flush mount ceiling light sets a solid cube of natural alabaster directly against a brushed brass canopy, so the fixture sits close to the ceiling as a compact glowing block rather than a hanging shade. Natural veining and translucency make each stone piece subtly unique, complementing the gold tones of the brass. The compact cube form suits a modern minimalist hallway, bathroom, closet, or stairwell.

Drawing

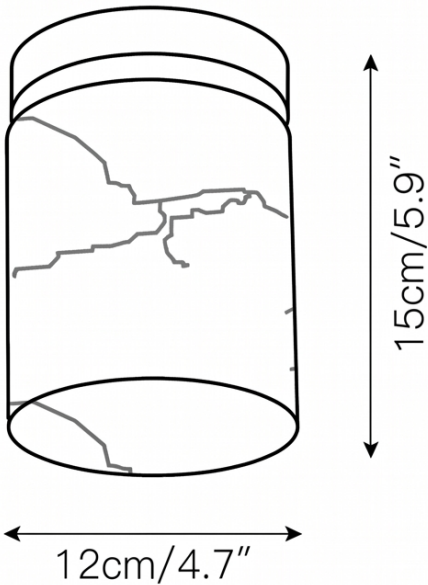

Type	Flush Mount (Cube style) Hallway / Bathroom / Closet / stairwell
