

Faceted Alabaster Pendant Light

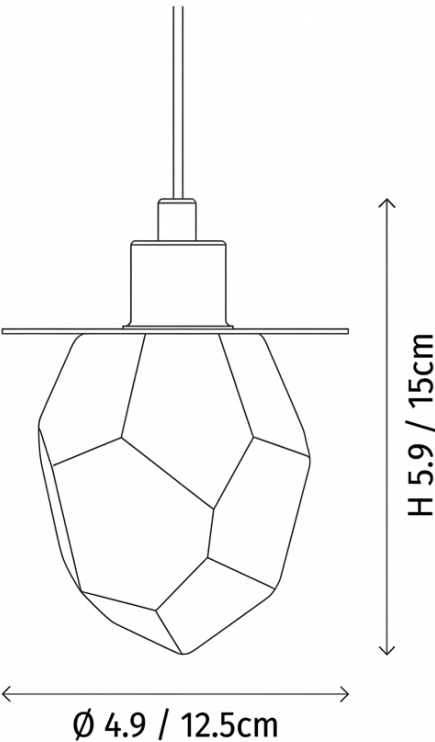

Faceted Alabaster Pendant Light

Description

This pendant hangs a hand-cut faceted alabaster shade below a flat round metal canopy, so the stone's angled surfaces catch light differently across each face. Compact and texturally rich, it suits a modern organic, transitional, or warm-contemporary kitchen, bedroom, or entryway. It's finished in White, with a Brown finish option, and uses an integrated LED at warm white (3000K). The push-button switch supports dimming. It is ceiling-mounted for indoor use, comes with a 150cm / 59" wire, which can be lengthened on request.

Drawing

Type	Pendant
Environment	Indoor Mounting
Dimensions [cm/in]	Dia: 12.5cm / Ø4.9" Height: 15cm / 5.9" Wire length: 150cm / 59" (adjustable).
